

## M. Patricia Muller Senior Associate

Pat Muller comes to MacIntyre Associates with an extensive background in Strategic Client Services in the not-for-profit and financial sector. As a Marketing Professional with over 30 years experience, Pat brings a targeted approach to fundraising and campaign management.

Pat began her career as a commercial lender in the financial services industry and quickly learned to apply those skills of attention to detail and industry knowledge to target marketing programs for the not-for-profit industry. She understands that the key to the most successful campaign is taking the time to understand the client's business and goals.

Pat successfully established her own marketing consulting firm specializing in not-forprofit and the financial services sector. She served for 16 years on the Board of Directors of the Gladney Center for Adoption in Ft. Worth, TX, chairing their Marketing Committee among other duties.

Locally, Pat supports Waggies by Maggie and Friends, an employer of intellectually disabled adults, by providing grant writing and working to expand Waggies market footprint in the tri-state area.

As a lifelong learner, Pat knows that success comes from curiosity, enthusiasm and careful planning. We are happy to have her bring her broad experience to MacIntyre Associates.

Pat may be reached at [patmuller@mac.com](mailto:patmuller@mac.com) or 484-571-6513.
